## Notes

Since 1 November 2007, new financial terms are introduced after the implementation of XBRL. See notes below for comparative purposes with previous years:

- 1) Revenue: Does not make distinction between operating and non-operating items
- 2) Profit/(Loss) before Tax from Continuing Operations: Discontinued operations not taken into consideration
- 3) Profit/(Loss) after Tax from Continuing Operations: Discontinued operations not taken into consideration
- 4) Net income/(Loss) from Extraordinary and Non-operating Items: Not applicable from for 2007 FY onwards because FRS 1 does not require splitting into operating items and non-operating items in the income statement
- 5) Total Equity: Not necessarily comparable to Shareholders' Fund due to the inclusion of minority interest
- 6) Share Capital: Consists of both fully paid up and not full paid capital
- 7) Other Reserves, Total: Might not be comparable to Reserves (Total of all types) because retained earning may be previously included in the latter but from 1 November 2007 it is under the heading "Retained Earnings/(Accumulated Losses)"
- 8) - means no data from ACRA
